

# California Film Commission PRODUCTION ALERT

**DATE: May 28, 2018**

## **Summertime Filming Restrictions on Highway One in Portions of San Luis Obispo and Monterey Counties**

Please note that between May 28 and September 3, 2018, summer restrictions will be placed on filming activities on the segment of Highway 1 in San Luis Obispo and Monterey Counties between San Carpoforo Creek (SLO-1-71.3) and San Jose Creek (Mon-1-71.2) near Carmel Highlands. Prohibited during this time period are all film requests for intermittent traffic control (ITC), rolling breaks or lane closures. The restricted area includes Bixby Bridge.

Caltrans District 5 has historically honored a summertime prohibition of any traffic control within this segment of Highway 1 at the request of Monterey County and the coastal communities. Any deviation from the prohibition would require both a Board Resolution by Monterey County and concurrence from the District 5 Traffic Manager.

Please contact Caltrans District 5 Permit Engineer Brian Parker at (805) 549-3123 or California Film Commission Permit Coordinator, David Booth, at (323) 817-4104 with any questions.

### **About the California Film Commission**

The California Film Commission (CFC) enhances California's status as the leader in motion picture, television and commercial production.

A one-stop office for filmmakers, the Commission supports productions of all sizes and budgets. In addition to managing the Film & Television Tax Credit program, services include an extensive digital location library, free online permitting, low cost use of state properties as shooting locations, and production assistance.
